Shahram Yazdanpanah	Organizing Officer for Other Students	Shahram Yazdanpanah	Organizing Officer for Other Students

B) Summery of Activities during Academic Year 2008 - 2009

International Party – success, found another place to organize. Next party 1 November- Karaoke party with concert.

Juliball- Had an amazing Christmas party for whole university. A lot of food, fun and music. 9 points from 10.

International Cultural Week – great success, just positive replies. On the assumption of our experience to organize such big event needs minimum 4 weeks preparation.

Language Courses – those who wanted participate came. Were 5 students. We had an amazing teacher. All the participants where very satisfied.

Radio program- every Sunday we have program on the Narvik student radio that calls “Foreignness rock today”. Discuss a lot of interesting international stuff and listening international music. 25 October will be live concert with participants from different countries.

Job-Course – success, but need more advertisement!

Movie nights – no success, few meet up, more advertisement.

Organizing trip to Lofoten- we will have that on the beginning of may. We are holding on.

Big work requires.

Movie project- students making film about student life in Narvik. 20 people participants.

Script is ready. Starting shooting.

Student Guide- we have started to work with brochure with guidelines for all new, especially international, students.

GENERAL EVALUATION: good planning and amazing feedback. Good teamwork and a lot of creativity. The problem from my point of view was to encourage people to think about ISU not like an organization for something, but like a tool for self-development

C) General Assemblies

We had one general assembly 16th of September. 20 participants. SPIN was on assembly also. We had presentation of ISU, elections, asking-answering, small concert with Pizza.

D) Social Activities

We guided new students during this year. Helped them on demand. We will have international 17 may party for all international citizens. People inviting us to different activities that take place in Narvik social life. Our international officer promotes ISU and our contacts to people that need us.

E) Welfare Cases, Campaigns and Student Politics

Price for renting of students flats– shall be discussed when putting price for the next year.

Cooperation with schools' administration for better "New in school" information.

Pushing the school, in cooperation with Students' Parliament to update information in English.

F) Comments, Evaluation and Future Improvements

The group work was organized effective, all the members were involved. Sometimes we had difficulties with group interaction because of study process and differences in timetable and not everyone were available all the time when we had meetings.

For the future we need to be more available on demand, organize sometime activities for ISU group and we want to involve more students into ISU work. As a future plans we have Lofoten trip (May 2009), Students Guide Book (Summer 2009) with all useful information for new students.

D) Budget

Expenses		Budget
