C) General Assemblies

Attended the General Meetings of our sister branch NSU, every month, since October last year. Our active representative has been our Public Relations Officer, Amalia Rylander. She participated in the discussions and exercised our voting rights in the parliament.

D) Social Activities

Listed in B). The activities have been a success, judging by the number of participants which goes over 100 every time we organize something, and also the enthusiasm of the participants is a joy to watch.

E) Welfare Cases, Campaigns and Student Politics

A popular students' activity place, "Old Bodega" was shut down temporarily by the administration owing to ongoing building renovation. ISU-UiT successfully campaigned to get an alternative venue for students activities.

F) Comments, Evaluation and Future Improvements

As an international student, and President of the International Students' Union (ISU), I find University of Tromso an ideal place to meet students from various parts of the world. To be a part of university culture here is a pleasure and students tend to gain a lot from it. For ISU to be more productive, I suggest team-work and coordination among international students and Student Board.

G) Budget

We are granted 50,000 NOK per year. We plan to spend nearly half each semester.
