

Branch Reports
International Students Union of Norway
National Assembly, October 12-14, 2007

Dear Branch President,

We will have prospective ISU branch representatives, representatives from StL and NSU, and quite possibly representatives from the Norwegian government and their agencies. Your presentation is very important. It will inform all of us about the conditions for international students at your institution. It will also demonstrate how a successful ISU branch is run.

Branch/prospective branch reports will happen over the three days of the National Assembly. Each oral summary of report, accompanied by a powerpoint presentation, will be allowed 10 minutes. Prospective Branches: The NA will also require a copy of your constitution.

Check http://www.isu-norway.no/NAI2006/NAI_2006.php for examples and inspiration!

Email your written presentation and your powerpoint presentation to nationalsecretary@isu-norway.no by October 7, so that we can put them on the webpage in time before the meeting.
