

Norsk studentorganisasior

Norsk Studentorganisasjon (NSO) and Bafo Broker AS have been working together to develop "The Student Insurance" (Studentforsikringen). NSO represents approximately 200 000 students, and The Student Insurance is especially fitted for students and their financial situations.

Students are not covered under the Work Environment Act. If you become disabled while being a student, you will receive close to minimum pension from the Norwegian Government. The Student Insurance is a product that will ensure good coverage if accidents were to happen.

The Student Insurance includes three main products; Accident insurance (personal accident insurance, home insurance, travel insurance), disability insurance, and life insurance. The Student Insurance is voluntary for students. The products are described below.

For international students studying in Norway:

To be able to buy the Student Insurance, you have to:

1. *Attend one of the following university/college:*
 - Arkitektur- og designhøgskolen I Oslo (AHO)
 - Universitetet I Bergen (UiB)

- Universitetet i Tromsø (UiT)

2. *Pay the semester fee at the university/college you are attending*

3. *Be a member of the Norwegian National Insurance Scheme (Norsk folketrygd)*

How to become a member of the Norwegian National Insurance Scheme

Where are you from?

Outside the EØS-area:

Students from a country outside EØS-area, who are legally in Norway, can apply for a voluntary membership of the Norwegian National Insurance Scheme if they stay in the country between three and twelve months.

If you move to Norway to stay for at least 12 months, you will be a member of the Norwegian National Insurance Scheme from arrival date, provided that you are in the country legally.

Within the EØS-area:

Students from a country within the EØS-area, who are legally in Norway, will not be able to apply for a voluntary membership. This is due to the restrictions of the EØS treaty. However, if you work besides your studies you become a member of the Norwegian National Insurance Scheme the day you start working.

Go to www.nav.no and find detailed information about how to become a member of the Norwegian National Insurance Scheme. Contact NAV directly for further questions and if you would like to apply for voluntary membership.

Please note:

Even though the insurance requires that you are a member of the Norwegian National Insurance Scheme, the insurance company can, in most cases, make exceptions for people from the Northern Countries. However, we have to seek approval from the insurance company in each individually case. Therefore, please contact us at e-mail forsikring@student.no or phone 23 11 35 86 for consideration.

For people outside the Northern Countries, the insurance company can, in most cases, not deviate from the rule of being a member of the Norwegian National Insurance Scheme. However, we also ask that you contact us in these situations so we can evaluate each case.
