

INTERNATIONAL STUDENTS' UNION
OF NORWAY

Proposal

Political/Academic/Social/Action plan/ Resolution

Name of local branch:

ISU NORWAY

Name of delegate:

Karen Contreras
Lisperguer

National Assembly

(NAi11)

Oslo

08th -10th of April 2011

Proposal:

ISU Norway will make a declaration of support to the resolution of NUS-Norway (NSO) regarding the compulsory purchase of digital compendium.

Reasons:

Kopinor has proposed to sell digital compendium to the students. It will become certainly a monopoly and they will sell directly to the universities /university colleges and not directly to the students. In few words, the students will be forced to pay for it even if they do not want to buy it or could have borrowed from someone.

Students should be free to buy if they want it and not be forced to do it. It is not acceptable to be imposed to buy the compendium, even if the price is reasonable.

NUS-Norway is our most important partner, in the spirit of supporting campaigns that benefits all the students in Norway, the ISU-Norway should support this resolution.
