What is the
problem?

÷ PRICE

÷ RESEARCH

What is patents?

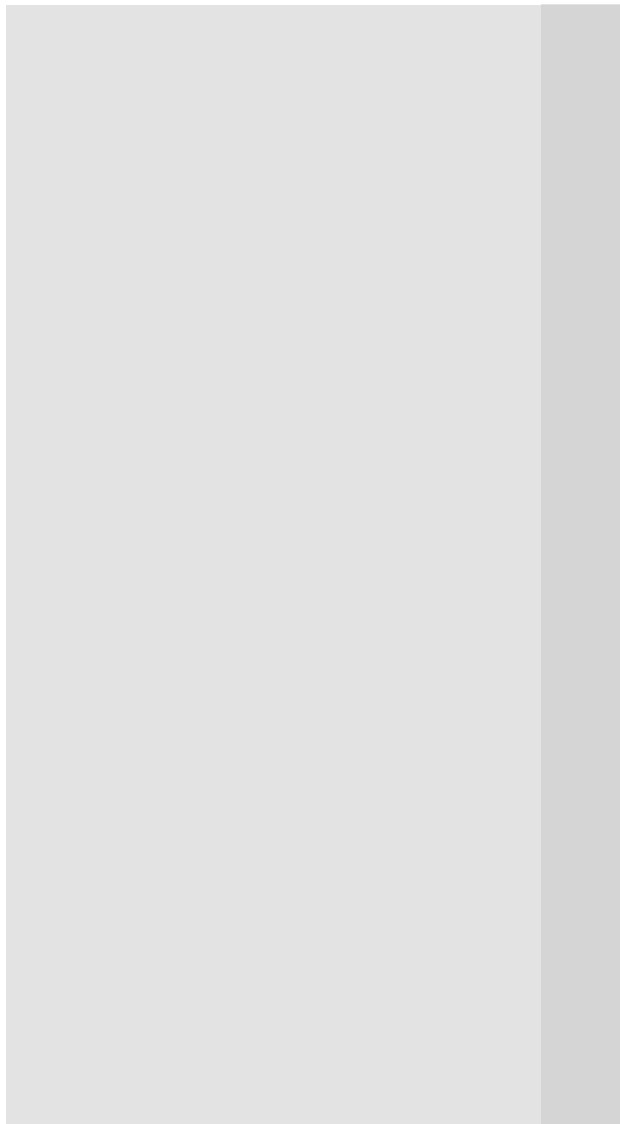

- Monopoly for 20 years

Médecins Sans Frontières

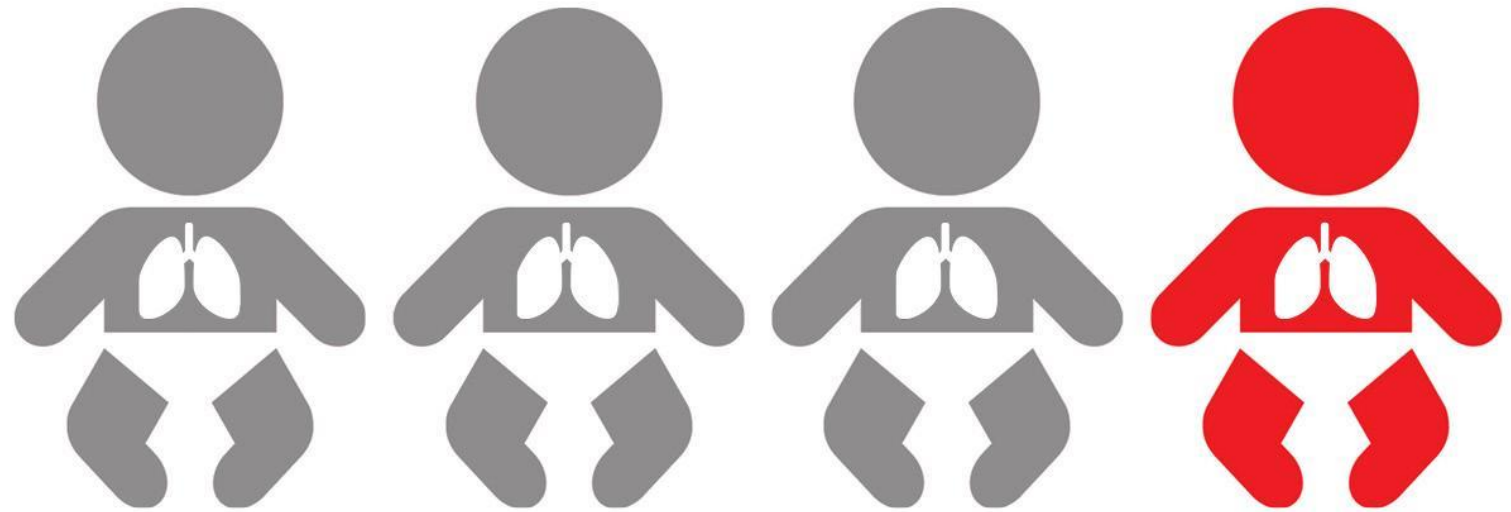

Forgotten crisis

pneumonia

There is an effective vaccine against pneumonia, but it is still the disease in the world that kills most children

pneumonia

3 av 4 barn får ikke **vaksine**
mot lungebetennelse

Médecins Sans Frontières

pneumonia

DØDELIG PRIS

I løpet av fem år tjente legemiddelselskapene
som lager vaksinen for lungebetennelse

240.000.000.000,-

5.000.000

barn døde av lungebetennelse
i løpet av den samme tiden

 = 25.000 barn

Universities

Universities

- University = Research
- Lisency
- Secrecy

Universities

The universities in Norway must do their research available and accessible for pharmaceutical companies that makes cheaper medicines.

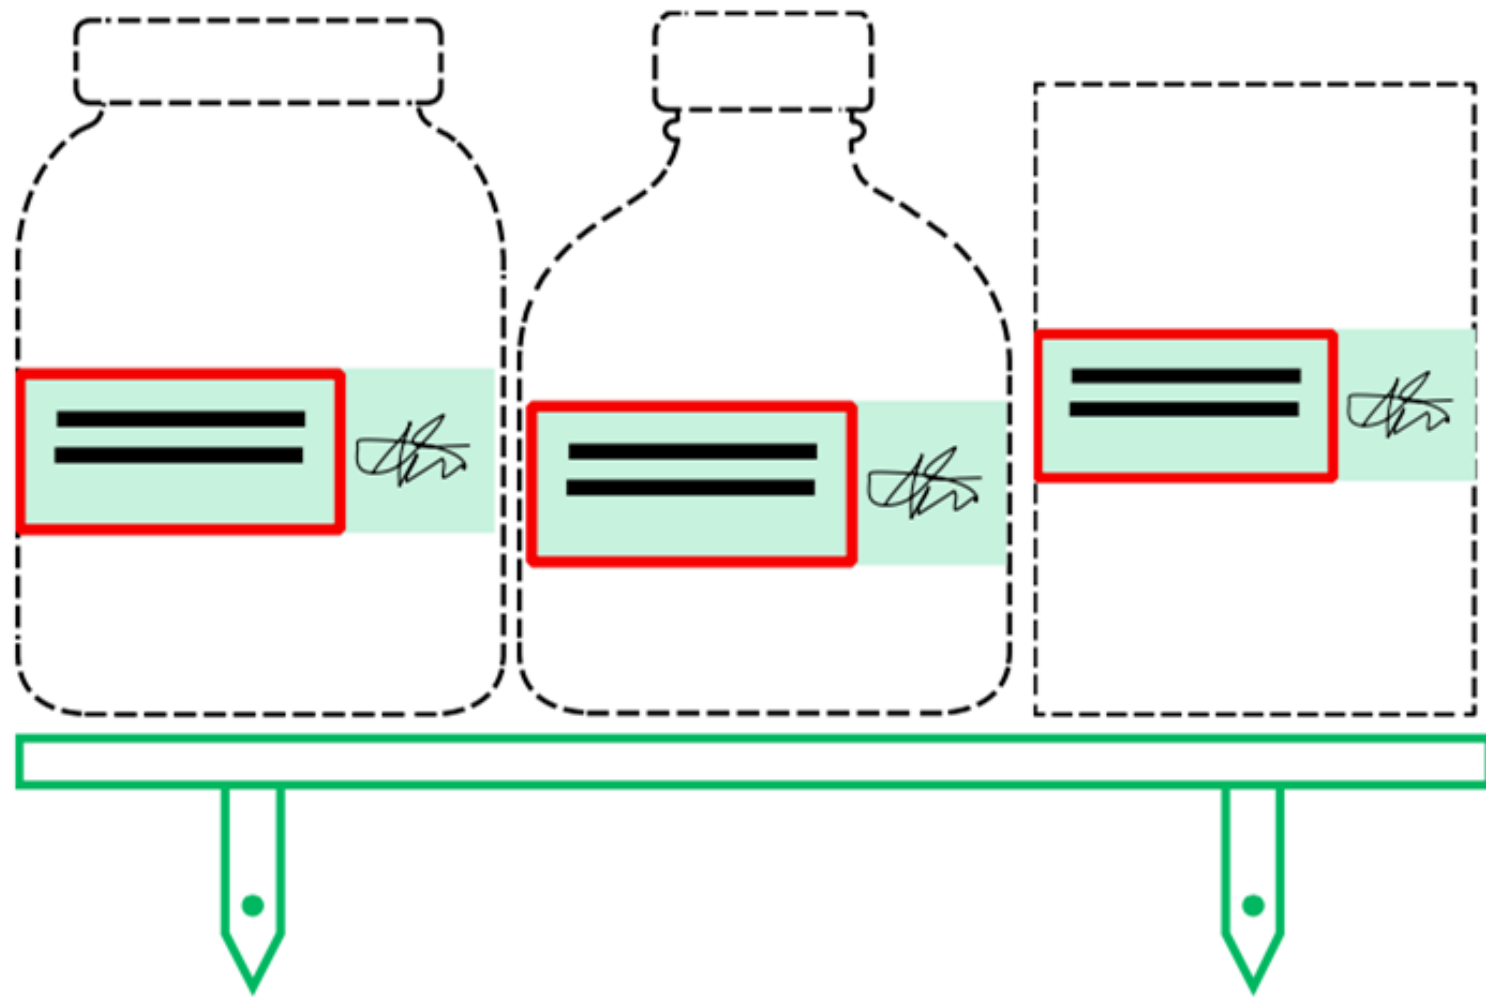

An offshore oil rig is shown in the background, partially obscured by a semi-transparent green overlay. The rig has a tall derrick and a flare stack emitting a plume of smoke. The scene is set against a cloudy sky and a dark sea.

The Norwegian Pension Fund (TNPF)

TNPF

The Norwegian Pension Fund
must invest in pharmaceutical
companies that do research and
have a policy for medicine
access for low-middle income
countries
