

Post - Political Affairs Officer

Name - Almim Hossain

Shuvo

Hi,

Amazing people of ISU - Norway. My name is Almim Hossain Shuvo and I am the president of ISU - Vestfold. I want to apply for the post of Political Affairs Officer in the National Board of ISU. I am from Bangladesh and I am currently studying in HSN (Hogskolen i-Sorost Norge) and i am doing my Masters in Maritime Management.

When i was introduced to ISU for the first time i knew that i have to get involved with this because i had some previous experience about student councils and its works. I was the General Secretary of the Student Body during my high school and the Head prefect in my college. For the last couple of days i spent a lot of time trying to understand the responsibilities of Political Affairs Officer and when i became completely sure that i would be able to do it only then i applied. Because as the General Secretary i had to comply with these kinds of things. During that time Social media was just coming out in the light and our team had to do a lot of hard work to make our campaigns more successful. To tell you truth, Bangladesh as a third world country is always very critical and complicated. So for making any kinds of event in that time i had to make a lot of connections. Plus you guys know that i am a Marine Engineer and i have travelled a lots of countries. That experience helped me a lot.

Now a days Social media is a very important platform not only for communications but also for making a creative content throughout different organisations. Connecting the local branches to National board and assessing the problems and make solutions, introducing the local branches to the new rules and regulations will need a high communication skill and i sincerely believe that i have that ability and i am confident that i will be able to work efficiently if i am given a chance.

So if I am selected then i will try to do my best for the National Board and all the

local branches along with it.

Regards,

Almim Hossain Shuvo
